Relevant Experience

Treasury Analyst Intern

June-August 2024

International Data Group, Inc. | Needham, MA

- Analyzed foreign exchange rate fluctuations to assess impact on cash flows, identifying a \$1.2 million saving opportunity through hedging strategies
- Developed a comprehensive interactive dashboard in Power BI, analyzing over \$50 million in global cash balances to deliver actionable insights
- Managed intercompany payments, including foreign exchange transactions, to ensure accurate and timely financial transfers
- Implemented a new check processing initiative that resulted in a 90% reduction in associated costs

Operations Intern

June-August 2023

SharkNinja, Inc. | Needham, MA

- Evaluated the financial health of privately held suppliers through a comprehensive audit
- Facilitated the RFP process, including vendor outreach, evaluation of proposals, price negotiations, and awarding of final contract
- Identified and collaborated with foreign logistics partners proficient in co-packaging, helping to expand product production to Europe
- Oversaw inventory tracking of critical packaging components for a new product beginning mass production

Project Experience

10-K Sentiment Analysis | Financial Data Science

Spring 2025

- Employed Python to scrape and parse SEC 10-K filings from all S&P 500 companies
- Applied sentiment analysis techniques to identify correlations between 10-K language tone and subsequent stock return

Leveraged Buyout Analysis | Advanced Financial Modeling

Fall 2024

- Developed a full-scale LBO model in Excel, including full financial statement projections, detailed debt structuring, and post-LBO return analysis
- Assessed deal validity by modeling cash flows and calculating key performance metrics
